Know where to go

It's important to understand your options when seeking medical care.

Non-emergency care for a condition that is not life threatening is generally provided by your physician. Even after-hours care is generally coordinated by your physician who can instruct you on how to receive medical care outside of normal business hours, on weekends and on holidays. If you are in severe pain or your condition is life threatening, you can receive emergency care by calling 911 or visiting an emergency room.

PRIMARY CARE PHYSICIAN

Go to your Primary Care Physician to help manage total care and to seek treatment for **non-life threatening** conditions.

Expected
out-of-pocket
cost:
\$\$

Conditions treated may include:

- Annual check-up
- Diabetes management
- Fever
- High blood pressure

TELEHEALTH

Contact your Telehealth provider for **non-life threatening** conditions that can be treated over the phone or via video consultation.

Expected
out-of-pocket
cost:
\$\$

Conditions treated may include:

- Allergies
- Bronchitis
- Sinus infection
- Skin rashes

URGENT CARE

Go to an Urgent Care clinic **after hours** or when your Primary Care Physician is otherwise **unavailable**.

Expected
out-of-pocket
cost:
\$\$-\$\$\$

Conditions treated may include:

- Bladder infection
- Cold/Flu symptoms
- Ear infection
- Minor burns

EMERGENCY ROOM

Go to the ER immediately for **severe** and **life-threatening** conditions. ERs include hospital-based emergency room and freestanding ER facilities.*

Expected
out-of-pocket
cost:
\$\$\$\$

Conditions treated may include:

- Chest pains
- Head injury
- Severe breathing problems
- Stroke symptoms

Find Care:

Call the Customer Service number shown on the back of your Credence member ID card, or use the Find Care tool at **CredenceBlue.com/FindCare** or the **Credence** or **Credence Well-being** mobile apps.

Credence encourages you to consult with your physician regarding the appropriate care for your particular condition and not put cost as the first or sole reason for choosing a provider.

Examples provided are for illustrative purposes only. Some conditions that are severe enough may require you to go directly to the emergency room.

This information is for educational purposes only and is not a substitute for personal care from a licensed physician. Please consult your physician for diagnosis and treatment options. Benefits are subject to the terms, limitations and conditions of your plan. Please refer to your benefit booklet for a complete listing of your plan benefits.

* The out-of-pocket cost is dependent on how the facility or provider submits the claim to Credence.

What to do

Credence makes it easy to take care of the little things. Here's how to get it done.

WHAT IF...

Q: I can't get in touch with my doctor's office

A: Call us using the number on the back of your ID card

Contact your dedicated team by phone—we'll connect you to board-certified physicians and experts who can help until you can see your regular doctor.

Q: I'm achy, sneezy, crampy or otherwise feeling off

A: Make an appointment

Visit **CredenceBlue.com/SearchProviders** to find a clinic. Need help deciding what kind of doctor or specialist you need? Call your dedicated team.

Where to go

You have options when it comes to finding care. Here's how to make the right choice.

WHAT IF...

Q: I need immediate attention, such as for a sprain or a deeper cut

A: Urgent care

For symptoms that are serious—but not serious enough for the ER—urgent care may be your best option. Visit **CredenceBlue.com/SearchProviders** to find a clinic.

Q: I know it's something more serious, like severe pain or bleeding

A: Emergency room

For life-threatening issues, serious injuries and other emergencies, call 911 or—safely—head to your nearest ER.

Be sure to stay in your network

When you choose providers from your network, you pay significantly less out of pocket for the same care. Visit **CredenceBlue.com/SearchProviders** to find a clinic.

Get to know commonly used health insurance terms

Allowed Amount

The maximum amount on which payment is based for covered healthcare services. If an out-of-network provider charges more than the allowed amount, you may have to pay the difference (known as balance billing). You cannot be balance billed by in-network providers.

Benefit Maximum

A benefit maximum is the total amount your plan will pay for all dental services per benefits period.

Coinsurance

A coinsurance is your share of the costs of a healthcare service. It's a percentage of the amount charged for services. You start paying coinsurance after you've paid your plan's deductible.

Copay

A copay is the fixed amount you pay for a covered, in-network service, such as a visit to the doctor.

Deductible

A deductible is the amount you're responsible for before your plan starts to help cover expenses. Only the care you receive while staying in your provider network counts toward your deductible.

High Deductible Health Plan (HDHP)

Compared to traditional health plans, an HDHP generally offers lower premiums in exchange for higher deductibles. This means you could potentially pay more for office visits, medical services and procedures for an HDHP plan, but pay less on your monthly premium expense.

Network

The facilities, providers and suppliers your health plan or its vendors have contracted with to provide healthcare services. In-network coinsurance and copay amounts are typically less than out-of-network.

Benefits are subject to the terms, limitations and conditions of your plan. Please refer to your benefit booklet for a complete listing of your plan benefits.

Out-of-pocket Maximum

The out-of-pocket maximum is the most you could pay in a year for covered services. If you have other family members in this plan, the overall family out-of-pocket maximum must be met. After you meet the maximum amount, the plan will usually pay 100% of the allowed amount.

Precertification or Preauthorization

The procedures used by your health plan or employer group to determine that certain healthcare services, treatment plans, durable medical equipment or prescription drugs are medically necessary before you receive the services, except for emergency services. It is not a guarantee your health plan will cover the cost.

Premium

The amount that must be paid for your health plan. You and/or your employer usually pay it monthly.

Primary Care Physician

A physician who directly provides or coordinates a range of healthcare services for a patient.

Provider

A physician, healthcare professional or healthcare facility licensed, certified or accredited as required by state law.

Specialist

A physician who focuses on a specific area of medicine or patient group to diagnose, manage, prevent or treat certain types of symptoms and conditions. A non-physician specialist is a provider who has more training in a specific area of healthcare.

Helpful hints

Get to know your Credence ID Card

You'll receive your Credence Blue Cross and Blue Shield ID card(s) in the mail. It's a good idea to keep it with you at all times. Healthcare providers will need the information on it at the beginning of your visits.

- 1** The contract holder's name will appear on the card, but any covered family members may use it.
- 2** The contract number is unique to the contract holder's health plan (with or without any covered family members).
- 3** The group number is unique to the health plan.
- 4** The effective date is the start of current plan coverage.
- 5** This has our contact information for use by the contract holder and any covered family members plus contact information for use by providers.

Your health plan benefits at a glance

As a reminder, here is an overview of your health plan benefits.

YOUR COPAYS

In-network Medical Services

Primary Care Physician Visit	<\$30.00>
Specialist Visit	<\$60.00>

A **copay** is the dollar amount you pay for each visit to the doctor's office. For other services, coinsurance may apply. Some health plans also have ER or inpatient copays.

For information regarding preventive services covered at no cost, please visit <CredenceBlue.com/xxxx>.

Benefits are subject to the terms, limitations and conditions of your plan. Please refer to your benefit booklet for more details.

YOUR COINSURANCE

In-network coinsurance

Coinsurance is the percentage of the cost of a healthcare service that you pay after you meet your deductible. Some health plans also have ER or inpatient copays.

3

Year-to-date summary

Here is an overview of what you have paid out of pocket for covered health services prior to your services on <06/01/22>.

IN-NETWORK DEDUCTIBLE

INDIVIDUAL (<\$3,000> TOTAL)

FAMILY (<\$6,000> TOTAL)

A **deductible** is the amount you're responsible for before your plan starts to help cover expenses. In most cases, only the care you receive while staying in your provider network counts toward your deductible. Some health plans have separate deductibles for in-network and out-of-network services.

COINSURANCE MAXIMUM

In-network maximum

INDIVIDUAL (<\$3,000> TOTAL)

FAMILY (<\$6,000> TOTAL)

Coinsurance is your share of the costs of a healthcare service. It's a percentage of the amount charged for services. You start paying coinsurance after you've paid your plan's deductible. Premiums do not include coinsurance.

OUT-OF-POCKET MAXIMUM

In-network maximum

INDIVIDUAL (<\$6,000> TOTAL)

FAMILY (<\$7,500> TOTAL)

The out-of-pocket maximum is the most you could pay in a year for covered services. After you meet the maximum amount, the plan will usually pay 100% of the allowed amount.

How to read your claim statement

A Claim Statement is generated every time you or a covered family member uses your health insurance plan. It provides an at-a-glance record of each occurrence, detailing how much was charged, how much your plan paid and how much you owe.

- 1** If applicable, this is the amount you are owed for overpaid healthcare services.
- 2** This provides a brief summary of how your particular health plan works.
- 3** This updates your progress toward meeting the plan year deductible, coinsurance maximum (if applicable) and out-of-pocket maximum.
NOTE: It does not include any out-of-pocket payments listed on the Claim Statement (only those made before the Claim Statement was generated).
- 4** This provides a summary of charges and payments for the healthcare services listed.
- 5** This provides a more detailed summary of charges and payments for the healthcare services listed.
- 6** These amounts include billed and eligible charges as well as any discounts and non-covered charges.
- 7** These are the amounts the health plan(s) paid to the provider.
- 8** If applicable, these are the amounts you pay out-of-pocket to the provider. You may still owe the provider if these amounts were not collected in full at the time of service.
NOTE: Not all health plans require copays.

Access your claim statements

To view your Claim Statements, log in to your online account at **CredenceBlue.com**. Click **Claim Statements** under **Manage My Contract**. You'll have 24/7 access to two years of claims history.
